Magnetic wooden flooring collection

The solution for dry lay slim wooden flooring, on raised metal access floors which allows full future accessibility to the floor void – a magnetic backed, high grade engineered laminated board with a European oak wear layer suitable for commercial use, finished in the UK, and available in 12 popular standard colours or, for a truly bespoke floor, in any one of over 1000 colours and finishes. This wooden flooring is the same thickness as carpet tiles, it eliminates the need for trims or ramps. *MDF and HDF cores available with Moisture resistant properties. Speak to our technical department for the solution that best suites your application.*

Tongue and groove wooden flooring collection

Whilst our drylay system has appeal for specific applications, all our wood products are available in a conventional tongue and groove board.

Available formats (width x length x thickness)

140mm x random up to 2400mm x 8mm

180mm x random up to 2400mm x 8mm

220mm x random up to 2400mm x 8mm

This whole product range is available using FSC®-certified materials on request.

Technical data sheets are available for download at www.tier-global.com

Over 1000 bespoke finishes
